Date: 30-10-2024

Dear Parents,

First of all, I'd like to extend my heartfelt wishes to you, your families, and friends for a very happy and prosperous Diwali, Hindi New Year, and Bhaidooj (as celebrated in West Bengal).

I'm pleased to share a few highlights reflecting our students' steady progress. Their enthusiastic participation in inter-house competitions like Quiz and Debate, along with the overwhelming involvement in the Best Out of Waste activity, has been truly encouraging. Additionally, the two weekly tests conducted so far in a stress-free environment have proven quite successful. Our young LKG students amazed us all with their role play on traffic rules, symbolic Diwali celebrations, and their exceptional performance in conducting the morning assembly. Don't miss the chance to see and appreciate our young learners on our social media posts, where their efforts are truly captivating.

As part of our continuous efforts to make our students knowledgeable and nurture curiosity, we have introduced General Knowledge classes for LKG and UKG. This subject is designed purely to enhance their awareness and knowledge and will not be assessed as part of examinations. Additionally, we have begun uploading small modules with 5-10 questions based on English conversation skills. We encourage you to support this initiative by promoting English conversation at home, just as we are fostering it at school.

Thank you for your continuous support in making our students' learning journey both fulfilling and joyful. As a gentle reminder, please ensure the well-being of our children, especially with the spread of HFT, a viral disease affecting young ones.

Once again, wishing my dear students and all of you, dear parents and guardians, a safe, joyful, healthy, and prosperous Diwali.

Warm regards,

Ottima Ragazza Anand

Principal
